

# **Infrastructure Appropriations Bill Senate Study Bill 3181**

Last Action:

**Senate Appropriations  
Subcommittee**

February 20, 2012

**An Act relating to and making appropriations to state departments and agencies from the rebuild Iowa infrastructure fund, the technology reinvestment fund, and the FY 2009 prison bonding fund, providing for related matters, and including effective date and retroactive applicability provisions.**

**Fiscal Services Division  
Legislative Services Agency**

## **NOTES ON BILLS AND AMENDMENTS (NOBA)**

LSA Contact: Marcia Tannian (515-281-7942)

**FUNDING SUMMARY**

---

- **FY 2013:** Appropriates a net total of \$59.5 million from the following sources:
  - \$51.0 million from the Rebuild Iowa Infrastructure Fund (RIIF).
  - \$8.3 million from the Technology Reinvestment Fund (TRF).
  - \$167,000 from the FY 2009 Prison Bonding Fund (PBF).

**FY 2014:** Appropriates a net total of \$3.1 million from the RIIF.

NOTE: The above funding levels are the new appropriations that will be in session law. Any changes to prior appropriations or standing appropriations are not reflected in these funding levels. For summary of funding adjustments to current law appropriations, see additional discussion below.

**FY 2013 Current Law Appropriation Adjustments:**

Adjusts \$8.2 million of the \$124.5 million in current law appropriations that were previously enacted or standing appropriations from the RIIF for FY 2013. Adjusts \$500,000 of the \$7.2 million in current law appropriations that were previously enacted from the TRF for FY 2013. Adjustments are made by reducing the appropriations or shifting a portion of funding to another fiscal year.

The RIIF total reflects:

- Reducing the Environment First Fund (EFF) standing appropriation for FY 2013 by an additional \$2.0 million to a funding level of \$33.0 million. The EFF appropriation was reduced in the 2011 Legislative Session from \$42.0 million to \$35.0 million.
- Shifting \$4.0 million of the \$41.1 million in Regents capital appropriations from FY 2013 to FY 2014.
- Shifting \$2.2 million of the \$14.2 million Mitchellville prison construction appropriation from FY 2013 to FY 2014.

The TRF total reflects the shift of \$500,000 from the \$4.7 million previously enacted Medicaid Technology appropriation from FY 2013 to FY 2014.

NOTE: Current law appropriations from the RIIF and TRF that are not affected by the Bill and remain funded for FY 2013 are listed below. These appropriations are not in the Bill, but are reflected on the RIIF and TRF Balance Sheets that are attached.

These appropriations are already enacted in session law or Iowa Code and are not being adjusted:  
*From the RIIF:*

- \$18.3 million for Fort Madison construction and furniture, fixture, and equipment (FFE) costs.
- \$5.0 million for Community Attraction and Tourism Grants.
- \$5.0 million for State park infrastructure.
- \$3.0 million for the State Housing Trust Fund.
- \$2.0 million for Regents fire safety and American with Disabilities Act (ADA) compliance.
- \$1.0 million for prison construction management.

*From the TRF:*

- \$2.5 million for Department of Public Safety radio communications equipment.

**MAJOR INCREASES, DECREASES, OR TRANSFERS OF EXISTING PROGRAMS**

---

***Division IV - Contingent Appropriation***

- Provides a contingent appropriation of \$2.0 million for FY 2014 for the Des Moines Area Regional Transit Authority to develop a bus rapid transit service. Funds are contingent on receipt of local contributions and a federal grant. Page 8, Line 6

***Division VI - Changes to Prior Appropriations***

- ***Department of Natural Resources*** - Adds conditional language to the FY 2012 appropriations for radio communications equipment. Page 9, Line 16
- ***Department of Corrections*** - Shifts \$2.2 million from the FY 2013 appropriation for the Mitchellville prison to FY 2014 and makes a technical correction. Page 9, Line 34
- ***Board of Regents*** - Authorizes the Board to use funds from the fire safety and ADA compliance appropriation as needed for clean up, repairs, and payments related to storm damage at the School for the Deaf and the Iowa Braille and Sight Saving School. Page 10, Line 9
- ***Board of Regents*** - Shifts \$1.8 million from the FY 2013 appropriation for the Ag/Biosystems Engineering Complex to FY 2014. Page 10, Line 24

- **Board of Regents** - Shifts \$1.8 million from the FY 2013 appropriation for the Dental Science Building to FY 2014. Page 10, Line 34
- **Board of Regents** - Shifts \$500,000 from the FY 2013 appropriation for Bartlett Hall to FY 2014. Page 11, Line 9
- **Iowa Veterans Home** - Expands the purpose of the FY 2012 appropriation to include a transportation building. Page 11, Line 19
- **Department of Human Rights** - Adds authorization to use the FY 2012 appropriation for the Criminal Justice Information System (CJIS) for salaries and administrative support. Page 11, Line 26
- **Department of Human Services** - Shifts \$500,000 from the FY 2013 appropriation for Medicaid Technology to FY 2014. Page 11, Line 34
- **Department of Public Safety** - Adds conditional language to the multiyear appropriations for radio communications equipment. Page 12, Line 12
- **Department of Public Safety** - Changes the purpose of the appropriation to the Dubuque County Firefighter Association to a firearms training simulator. Page 13, Line 12
- **Department of Corrections** - Technical correction to a Mitchellville prison construction appropriation. Page 13, Line 18

---

**STUDIES AND INTENT LANGUAGE**

- Requires the Iowa Communications Network to complete a comprehensive inventory audit before sale or lease of the network. Page 14, Line 16

---

**SIGNIFICANT CODE CHANGES**

- **Environment First Fund Reduction** - Further reduces the appropriation to the EFF by \$2.0 million for FY 2013 to a funding level of \$33.0 million. Funding is expected to resume at the statutory amount of \$42.0 million in FY 2014. Page 13, Line 30
- **Technology Reinvestment Fund - Shift to RIIF** - Shifts the funding source for the Technology Reinvestment Fund from the General Fund to the RIIF for FY 2013. The amount is reduced from the statutory of \$17.5 million to \$15.0 million for FY 2013. Page 14, Line 2

**EFFECTIVE AND ENACTMENT DATES**

---

- Division V regarding the Department of Transportation and purchasing of radios is effective on enactment and retroactive to July 1, 2011. Page 9, Line 9
  
- Division VI relating to changes to prior appropriations is effective on enactment. Page 13, Line 25

Senate Study Bill 3181 provides for the following changes to the Code of Iowa.

Page #	Line #	Bill Section	Action	Code Section	Description
13	30	21	Amend	8.57A.4.c	
14	2	22	Amend	8.57C.3.a	
14	9	23	Add	8.57C.3.e	

1 1 DIVISION I  
 1 2 REBUILD IOWA INFRASTRUCTURE FUND  
 1 3 Section 1. There is appropriated from the rebuild Iowa  
 1 4 infrastructure fund to the following departments and agencies  
 1 5 for the following fiscal years the following amounts, or so  
 1 6 much thereof as is necessary, to be used for the purposes  
 1 7 designated:  
 1 8 1. DEPARTMENT OF AGRICULTURE AND LAND STEWARDSHIP  
 1 9 a. For deposit in the agricultural drainage well water  
 1 10 quality assistance fund created in section 460.303 to be used  
 1 11 for purposes of supporting the agricultural drainage well water  
 1 12 quality assistance program as provided in section 460.304,  
 1 13 notwithstanding section 8.57, subsection 6, paragraph "c":  
 1 14 FY 2012-2013 ..... \$ 500,000

Division I provides appropriations from the Rebuild Iowa Infrastructure Fund (RIIF) for FY 2013 and FY 2014.

Rebuild Iowa Infrastructure Fund appropriation to the Department of Agriculture and Land Stewardship for the Agricultural Drainage Well Closure Program. This appropriation notwithstanding the definition of vertical infrastructure.

DETAIL: This is a new appropriation for FY 2013. The Agricultural Drainage Well Closure Program is typically funded from the Environment First Fund (EFF). The Program did not receive funding for FY 2012. In FY 2011, the Program received \$1,250,000 from the EFF. Moneys from the appropriation will be deposited in the Agricultural Drainage Well Water Quality Assistance Fund. Funds are used for cost-sharing with landowners to close agricultural drainage wells and construct alternative drainage systems or install alternative management practices.

1 15 b. Not more than 10 percent of the moneys appropriated  
 1 16 in paragraph "a" may be used for costs of administration and  
 1 17 implementation of soil and water conservation practices.

Prohibits the Department of Agriculture and Land Stewardship from using more than 10.00% of the appropriation from the RIIF for administration costs.

1 18 2. DEPARTMENT OF CORRECTIONS:  
 1 19 a. For the provision of a statewide public safety radio  
 1 20 network and the purchase of compatible radio communications  
 1 21 equipment with the goal of achieving compliance with the  
 1 22 federal communications commission's narrowbanding mandate  
 1 23 deadline, and for achieving "interoperability", as defined in  
 1 24 section 80.28, notwithstanding section 8.57, subsection 6,  
 1 25 paragraph "c":  
 1 26 FY 2012-2013 ..... \$ 3,500,000  
 1 27 If the department of public safety enters into a  
 1 28 public-private partnership, through a competitive bidding  
 1 29 process, for the provision of the statewide network and the  
 1 30 purchase of compatible equipment, the department of corrections  
 1 31 may join that effort.  
 1 32 As a condition of this appropriation, all land mobile

Rebuild Iowa Infrastructure Fund appropriation to the Department of Corrections (DOC) for radio communications upgrades to meet the requirements of the federal narrowband mandate and to achieve the goal of interoperability. This appropriation notwithstanding the definition of vertical infrastructure.

DETAIL: This is a new appropriation for FY 2013. The funds are for the provision of a statewide public safety radio network and purchase of radio equipment for the goals of meeting compliance with the federal narrowbanding mandate and achieving interoperability as defined in Iowa Code section 80.28. The DOC is authorized to enter into any public-private partnership that the Department of Public Safety (DPS) has entered for the provision of the statewide network and purchase of compatible equipment through a competitive bidding process. Funds are conditioned on the requirement that all equipment must comply

1 33 radio communications equipment purchased by the department of  
 1 34 corrections shall be compliant with the federal communication  
 1 35 commission's narrowbanding mandate and shall provide the  
 2 1 maximum amount of statewide coverage and interoperability,  
 2 2 throughout all phases of migration, to the department of public  
 2 3 safety's future statewide digital radio network utilizing P-25  
 2 4 standards.

with the federal narrowbanding mandate and provide maximum interoperability using P25 standards. The DOC has plans to purchase 1,710 handheld radios, chargers, speakers, and related equipment, 68 mobile radios, 14 base stations, and other equipment. Plans note that the equipment will meet the narrowbanding mandate and use P25 standards.

The federal narrowband mandate is from the Federal Communications Commission (FCC). The mandate says that by January 1, 2013, all Public Safety and Industrial/Business licensees in the 150-174 MHz and 421-512 MHz bands must either migrate to 12.5 kHz technology or utilize a technology that achieves equivalent efficiency. Narrowbanding channels from 25.0 kHz (wideband mode) to 12.5 kHz (narrowband) allows additional channels to exist within the same limited radio spectrum. The federal narrowbanding mandate does not specifically require digital technology, so licensees may continue to use analog equipment. The purpose of the mandate is to ensure a more efficient use of the spectrum and greater spectrum access for public safety users and other users. Failure to comply will result in loss of communication capabilities and possible federal fines.

Interoperability as defined in Iowa Code section 80.28 is the ability of public safety and public services personnel to communicate and share data on an immediate basis, on demand, when needed, and when authorized. The Iowa Statewide Interoperable Communications System Board (ISICSB) developed a long-term Master Plan for statewide interoperability that proposes a phased migration to or interconnection with the 700 MHz band using 265 towers to implement a digital microwave backbone. In addition, the plan proposes using the existing Iowa Communications Network (ICN) to provide additional backup and reliability. The phased migration aims to provide 95.00% coverage in every county. Estimated cost for the ISICSB Master Plan is approximately \$336,000,000 and is planned in six phases. The Master Plan did not have a specific timeframe for the phased implementation, nor a specified completion date.

2 5 b. For repairs and renovation of the hot water loop system  
 2 6 at the Newton correctional facility:  
 2 7 FY 2013-2014 ..... \$ 258,000  
 2 8 The department may use any funds appropriated to the  
 2 9 department in the fiscal year beginning July 1, 2008, and  
 2 10 succeeding fiscal years for any prison repairs, construction,  
 2 11 and related improvements for the purposes of this lettered  
 2 12 paragraph, if necessary.

Rebuild Iowa Infrastructure Fund appropriation for FY 2014 to the DOC to repair the hot water loop system at the Newton Correctional Facility.

DETAIL: This is a new appropriation for FY 2014. The hot water loop system was installed in the mid-1990s and has required significant repairs. The system has ongoing issues. One continued problem is with the thrust blocks that encase the loop at every bend in the pipe. The thrust blocks are sinking in soil and that has resulted in pipe breakage and system failure periodically. The other remaining problem

is from valves that are not sealed completely. The FY 2014 funding is in addition to an FY 2013 appropriation of \$167,000 from the Prison Bonding Fund in Division III, for a total of \$425,000 over the two fiscal years.

Authorizes the DOC to use any funds appropriated for prison improvements, repairs, and construction since FY 2009 for purposes of repairing the hot water loop system, if necessary. This will allow the DOC to use funds from other prison-related infrastructure appropriations to make repairs to the hot water loop system without requiring legislative action to change language of the other appropriations.

2 13 3. DEPARTMENT OF CULTURAL AFFAIRS  
 2 14 a. For exterior and interior repairs and related  
 2 15 improvements to the state historical building, including the  
 2 16 addition of a visitor center:  
 2 17 FY 2012-2013 ..... \$ 2,000,000

Rebuild Iowa Infrastructure Fund appropriation to the Department of Cultural Affairs (DCA) for renovation and improvements to the State Historical Building.

DETAIL: This is a new appropriation for FY 2013. Funds will be used for repairs, renovations, and improvements to the Historical Building for the 25th Anniversary of the Historical Museums. The Department of Administrative Services received \$1,200,000 from the RIIF in FY 2012 for exterior repairs to the Historical Building, including repairing skylights, replacing granite wall panels, and repairing exterior sealant deficiencies. In addition, FY 2012 funds are being used for an assessment of interior renovations and overall building needs. Potential improvements include eventual roof repair that includes removing skylights to reduce the maintenance needs of the building. The addition of a Visitors Center is also being considered. The 2010 Master Plan for the Capitol Complex included a proposal for a Capitol Complex Visitor Center located in the Historical Building.

2 18 b. For deposit into the Iowa great places program fund  
 2 19 created in section 303.3D for Iowa great places program  
 2 20 projects that meet the definition of the term "vertical  
 2 21 infrastructure" in section 8.57, subsection 6, paragraph "c":  
 2 22 FY 2012-2013 ..... \$ 500,000

Rebuild Iowa Infrastructure Fund appropriation to the DCA for the Great Places Infrastructure Grant Program.

DETAIL: This is a decrease of \$500,000 compared to estimated FY 2012. The funding continues the Iowa Great Places initiative to enhance the cultural development of Iowa communities. House File 2782 (FY 2007 Infrastructure Appropriations Act) created the Iowa Great Places Program Fund and provided \$3,000,000 per year for FY 2007 and FY 2008 for the Program. The Program received \$2,000,000 in FY 2009 and \$1,900,000 in FY 2010 from the RIIF and \$2,000,000 in FY 2011 from the Revenue Bonds Capitals Fund (RBC). The projects in the Great Places Program are capital projects that must meet the definition of vertical infrastructure. Approved grants include

infrastructure projects such as park creation and development, acquisition and renovation of historical buildings, renovation and expansion of museums, and recreational trails design and construction.

2 23 4. DEPARTMENT OF HUMAN SERVICES  
 2 24 For the renovation and construction of certain nursing  
 2 25 facilities, consistent with the provisions of chapter 249K:  
 2 26 FY 2012-2013 ..... \$ 250,000

Rebuild Iowa Infrastructure Fund appropriation to the Department of Human Services (DHS) to provide assistance to nursing homes for facility improvements.

DETAIL: The nursing home facility improvements effort has received multiple years of funding. The Nursing Home Financial Assistance Program in Iowa Code chapter 249K was established in HF 911 (FY 2008 Infrastructure Appropriations Act) to support the appropriate number of nursing facility beds for the State's citizens and to financially assist nursing facilities in remaining compliant with applicable health and safety regulations. The nursing home facility improvements received a \$1,000,000 appropriation in FY 2008 and \$600,000 in FY 2009 from the RIIF. During the 2010 Legislative Session, SF 2366 (FY 2010 Appropriations Adjustment Act) deappropriated \$1,400,000 from those appropriations. because the Department had received federal funds for the improvements. In FY 2012, the project received \$285,000 from the RIIF. The FY 2013 funds will be used to complete improvements underway.

2 27 5. DEPARTMENT OF NATURAL RESOURCES  
 2 28 a. For implementation of lake projects that have  
 2 29 established watershed improvement initiatives and community  
 2 30 support in accordance with the department's annual lake  
 2 31 restoration plan and report, notwithstanding section 8.57,  
 2 32 subsection 6, paragraph "c":  
 2 33 FY 2012-2013 ..... \$ 4,459,000

Rebuild Iowa Infrastructure Fund appropriation to the Department of Natural Resources (DNR) for lake restoration, dredging, and water quality projects. This appropriation notwithstanding the definition of vertical infrastructure.

DETAIL: This is a decrease of \$1,000,000 compared to estimated FY 2012. Funding levels have varied in the last few fiscal years. In FY 2011, the DNR received \$3,000,000 from the Revenue Bonds Capitals II Fund (RBC2) and \$7,000,000 from the RBC for a total of \$10,000,000. For FY 2009 and FY 2010, the DNR received a total of \$12,800,000 comprised of \$2,800,000 from the RIIF for FY 2010 and \$10,000,000 from the RBC for FY 2009, but the RBC funds were not available until FY 2010. In FY 2008, the funding was \$8,600,000 from the RIIF. The funds are used for projects identified in the Lake Restoration Annual Report and Plan focusing on the first 35 projects that make up the priority list of lake candidates. The DNR must implement the projects in accordance with the Lake Restoration Report and Plan, submitted annually to the Transportation, Infrastructure, and Capitals Appropriations Subcommittee by January 1. The Lake Restoration 2010 Report and 2011 Plan proposes using FY 2013

funding for Storm Lake, Clear Lake, Carter Lake, Five Island Lake, Lost Island Lake, Prairie Rose Lake, Lake Manawa, and other lake projects.

2 34 b. For the restoration and reconstruction of a dam in  
 2 35 a county with a population between 17,700 and 17,800 as  
 3 1 determined by the 2010 federal decennial census, for a lake  
 3 2 with public access that has the support of a benefited lake  
 3 3 district:  
 3 4 FY 2012-2013 ..... \$ 2,500,000  
 3 5 FY 2013-2014 ..... \$ 2,500,000

Rebuild Iowa Infrastructure Fund appropriations for restoration and reconstruction of a dam at Lake Delhi.

DETAIL: Provides new appropriations that total \$5,000,000 over two fiscal years for reconstruction of the dam. Lake Delhi was created in the 1920s by the construction of a hydroelectric dam on the Maquoketa River. The dam flooded and failed in July 2010. Lake Delhi previously received State appropriations for dam maintenance, lake dredging, and related improvements. In FY 2011, Lake Delhi received an \$100,000 allocation from the RBC appropriation for lake restoration. Lake Delhi received \$100,000 in both FY 2008 and FY 2009 from the RIIF for dam maintenance and lake dredging. House File 648 (FY 2012 Infrastructure Appropriations Act) provided \$350,000 for a hydrological and engineering preconstruction study of the dam. The study was completed in December 2011. According to the study, the estimated cost of the recommended project for restoration of the dam is \$11,900,000. The local Lake Delhi taxing district has approved a bond referendum for potential bond issuance that could provide up to \$6,000,000 for the reconstruction project and related improvements. In addition, local community fundraising is providing approximately \$1,700,000 for the dam reconstruction effort.

3 6 6. DEPARTMENT OF PUBLIC DEFENSE  
 3 7 For major maintenance projects at national guard armories  
 3 8 and facilities:  
 3 9 FY 2012-2013 ..... \$ 2,000,000

Rebuild Iowa Infrastructure Fund appropriation to the Department of Public Defense for major maintenance projects at National Guard facilities throughout the State.

DETAIL: Maintains the current level of funding compared to estimated FY 2012. State funds for FY 2013 will be matched 1:1 with federal funds. Funds provide major maintenance to the National Guard's readiness centers. Projects include roof repair, system upgrades, and other major maintenance projects at all 43 armories and numerous other buildings that are maintained by the Iowa National Guard.

3 10 7. BOARD OF REGENTS  
 3 11 a. For allocation by the state board of regents to the  
 3 12 state university of Iowa, the Iowa state university of  
 3 13 science and technology, and the university of northern Iowa to

Rebuild Iowa Infrastructure Fund appropriation to the Board of Regents for Tuition Replacement.

DETAIL: This is an increase of \$825,000 compared to estimated FY

3 14 reimburse the institutions for deficiencies in the operating  
 3 15 funds resulting from the pledging of tuition, student fees  
 3 16 and charges, and institutional income to finance the cost of  
 3 17 providing academic and administrative buildings and facilities  
 3 18 and utility services at the institutions:  
 3 19 FY 2012-2013 ..... \$ 25,130,412

2012. The Tuition Replacement appropriation replaces the student tuition and fees that would be required to pay the debt service on academic revenue bonds authorized in prior fiscal years. The funding has been provided for many years. Until FY 2002, the appropriation was made solely from the General Fund. After FY 2002, a portion was funded from the General Fund and from the infrastructure-related funds such as the RIIF and Restricted Capital Fund. From FY 2006 to FY 2008, funding for this appropriation was divided between the General Fund (\$13,975,431) and the RIIF (\$10,329,981). For FY 2009 through FY 2012, the entire appropriation of \$24,305,412 was appropriated from the RIIF. The increase in FY 2013 is due to the additional academic revenue bonds that have been issued in accordance with the authorization provided by the 2009 Legislative Session in SF 474 (Regents Bonding Act). Based on current bond issuance projections, the funding needed for the appropriation increases as additional bonds are issued from the 2009 authorization, reaching a high of \$34,377,340 in FY 2018. Typically, the Board of Regents issues the bonds in \$25,000,000 increments rather than all at once. In FY 2014, the estimated funding needed for the appropriation will be \$27,867,775.

Iowa Code chapter 262A authorizes the sale of Academic Revenue Bonds and was enacted in the 1969 Legislative Session (63rd General Assembly). The first academic revenue bonds were issued in 1970 and provided the primary source of funds for construction of academic facilities at the universities for several decades. The academic revenue bonds issued by the Board of Regents are secured by student tuition and fees and are considered to be independent and not part of State obligations. The State regularly provides an appropriation to the Board of Regents and pays most of the debt service on the academic revenue bonds through the appropriation process and has done so for many years (decades). The appropriation is not mandatory by statute, but the Board of Regents has previously indicated that without a tuition replacement appropriation, an aggregate increase of 5.00% in tuition across the universities would be required to pay the debt service. The General Assembly provides the appropriation to keep tuition costs lower for students. The tuition replacement appropriation provides most of the annual debt service, but a portion of the debt service is paid from reserve fund interest.

NOTE: In prior years, this appropriation required "notwithstanding" language because it did not meet the definition of vertical infrastructure in Iowa Code section 8.57(6)(c). House File 648 (FY 2012 Infrastructure Appropriations Act) expanded the definition of vertical infrastructure to include the debt service on the academic revenue bonds beginning in FY 2012. Academic revenue bonds are issued and used for capital projects that would meet the definition of vertical

infrastructure.

3 20 b. To Iowa state university of science and technology for  
 3 21 renovations and related improvements to modernize the animal  
 3 22 care facilities at the blank park zoo as part of a cooperative  
 3 23 effort of blank park zoo and the college of veterinary  
 3 24 medicine:  
 3 25 FY 2012-2013 ..... \$ 225,000  
 3 26 FY 2013-2014 ..... \$ 100,000

Rebuild Iowa Infrastructure Fund appropriations to the Board of Regents for Iowa State University (ISU) College of Veterinary Medicine to modernize the animal care facilities at the Blank Park Zoo in Des Moines.

DETAIL: Provides \$325,000 from the RIIF over two fiscal years. Funding is for a collaborative effort between the College of Veterinary Medicine and the Blank Park Zoo to allow veterinary medicine students to train on exotic animals and wildlife medicine. The College is establishing an exotic animal rotation at the Blank Park Zoo. The College received \$400,000 from the RIIF in FY 2011 to purchase surgical and other equipment to modernize the facilities as part of the collaborative effort. Funds for FY 2013 and FY 2014 will be used to renovate the current Animal Service Building and Animal Health Clinic at the Zoo, including improvements such as creating an observatory room in the surgical suite, a dormitory space for veterinary students participating in the exotic animal rotation, a student work space, and a small animal hospital area for better veterinary practice and illness isolation. In addition to the RIIF funding, the project is receiving \$175,000 for FY 2013 from the Technology Reinvestment Fund in Division II for a total of \$500,000 over two fiscal years.

3 27 8. DEPARTMENT OF TRANSPORTATION  
 3 28 a. For acquiring, constructing, and improving recreational  
 3 29 trails within the state:  
 3 30 FY 2012-2013 ..... \$ 3,000,000

Rebuild Iowa Infrastructure Fund appropriation to the Department of Transportation (DOT) for the State Recreational Trails Program.

DETAIL: Maintains the current level of funding compared to estimated FY 2012. Funding has varied over the years. The State Recreational Trails Program did not receive funding in FY 2011. In FY 2010, the Program received \$3,500,000, but a total of \$1,250,000 of that amount was earmarked for specific trails. In FY 2009, the Program received \$3,000,000, but a total of \$1,180,000 was designated to specific trails. In FY 2008, the Program received \$2,000,000 with \$415,000 designated to specific trails. When there are allocations for certain trails specified in session law the grants do not go through the typical application and approval process by the Transportation Commission. For FY 2013 there are no specified allocations. The FY 2012 funding provided grants for the Bee Branch Creek Trail, Bluff Creek Park Development Plan, Wild Cat Den Road Trail, Chichaqua Valley Trail to Gay Lea Wilson Trail, Dickinson County Spine Trail, Gray's Lake Neighborhood Connecting Trail and SW 14th Quiet Street, Gypsum

City Park, Beaver Drive Trail, Turkey River Recreational Corridor, and related DNR trails.

Funds for the Program are used for grants for statewide recreational trails. The trail system is approximately 1,455 miles, including multiuse trails and off-road paths. A local match of 25.00% is required in accordance with the Department administrative rules. Trails that receive funding must be maintained for public use for a minimum of 20 years. Applications for funding from the trails program are considered twice per year and are approved by the Transportation Commission.

3 31 b. For deposit into the public transit infrastructure  
 3 32 grant fund created in section 324A.6A, for projects that meet  
 3 33 the definition of "vertical infrastructure" in section 8.57,  
 3 34 subsection 6, paragraph "c":  
 3 35 FY 2012-2013 ..... \$ 1,500,000

Rebuild Iowa Infrastructure Fund appropriation to the DOT for public transit infrastructure grants through the Public Transit Infrastructure Grant Fund.

DETAIL: Maintains the current level of funding compared to estimated FY 2012. Funding has varied in recent years. The Program received \$2,000,000 from the RBC2 in FY 2011, \$1,250,000 in FY 2010 from the RIIF, and \$2,200,000 in FY 2009 from the RBC. The RBC funds were not available until FY 2010. Grants are provided for infrastructure-related projects at the 35 public transit agencies throughout the State. The transit agencies are eligible to apply for the grants that are approved through the Transportation Commission and the projects must meet the definition of vertical infrastructure. The State match requirements is up to 80.00%. Funds have been used for capital projects such as new bus storage buildings, administrative buildings, maintenance facilities, storage buildings, reconstruction of steam cleaning areas, vehicle storage and wash bays, as well as replacing roofs or other improvements.

4 1 c. For infrastructure improvements at the commercial  
 4 2 service airports within the state:  
 4 3 FY 2012-2013 ..... \$ 1,000,000

Rebuild Iowa Infrastructure Fund appropriation to the DOT for vertical infrastructure improvements at commercial service airports.

DETAIL: This is a decrease of \$500,000 compared to estimated FY 2012. The DOT received \$1,500,000 from the RBC2 for FY 2011. The FY 2010 appropriation of \$1,500,000 came from the General Fund and was subject to the across-the-board reduction so the amount was reduced to \$1,350,000. There are eight commercial service airports in the State. They are located in Burlington, Cedar Rapids, Des Moines, Dubuque, Fort Dodge, Mason City, Sioux City, and Waterloo. Projects planned for the FY 2012 funding include rehabilitation and renovation of hangars, terminals, and other buildings, construction of parking

garage bridges, renovation of an aircraft rescue firefighting facility, construction of an office addition, and other improvements.

Typically, the funds are distributed by a 50/40/10 formula, so in this case \$500,000 of the funds appropriated will be allocated equally between each of the commercial service airports, \$400,000 will be allocated based on the percentage of enplaned passengers during the previous fiscal year, and \$100,000 will be allocated based on the proportion of air cargo tonnage at each airport during the previous fiscal year. Airports submit an application for specific projects for approval by the Transportation Commission. No local match is required.

4 4 d. For infrastructure improvements at general aviation  
4 5 airports within the state:  
4 6 FY 2012-2013 ..... \$ 750,000

Rebuild Iowa Infrastructure Fund appropriation to the DOT for vertical infrastructure improvements at general aviation airports.

DETAIL: Maintains the current level of funding compared to estimated FY 2012. General aviation vertical infrastructure projects receive State matching grants of up to 85.00% of the total project costs, with a minimum level of \$5,000 in State match to be considered. Projects include landside development and renovation of airport terminals, hangars, maintenance buildings, and fuel facilities. These grants are available only to general aviation airports. There are 101 general aviation airports in the State that are publicly owned.

4 7 e. For deposit into the railroad revolving loan and grant  
4 8 fund created in section 327H.20A, notwithstanding section 8.57,  
4 9 subsection 6, paragraph "c":  
4 10 FY 2012-2013 ..... \$ 1,500,000

Rebuild Iowa Infrastructure Fund appropriation to the DOT for deposit in the Railroad Revolving Loan and Grant Fund. This appropriation notwithstanding the definition of vertical infrastructure.

DETAIL: This is a decrease of \$500,000 compared to estimated FY 2012. The funds are used to provide grants and loans for construction and improvements to railroad facilities, such as railroad main lines, branch lines, switching yards, sidings, rail connections, intermodal yards, and highway grade separations. The Railroad Revolving Loan and Grant Program is geared toward job growth and economic development so many of the grants have gone to construct spur lines that service ethanol and biodiesel plants. House File 648 (FY 2012 Infrastructure Appropriations Act) required \$200,000 of the FY 2012 appropriation to be used for planning and development of rail ports in the State. The Program received \$2,000,000 in FY 2011, but the entire amount was directed to the City of Davenport for a rail transload

facility.

4 11 9. ECONOMIC DEVELOPMENT AUTHORITY  
 4 12 a. For equal distribution to regional sports authority  
 4 13 districts certified by the department pursuant to section  
 4 14 15E.321, notwithstanding section 8.57, subsection 6, paragraph  
 4 15 "c":  
 4 16 FY 2012-2013 ..... \$ 500,000

Rebuild Iowa Infrastructure Fund appropriation to the Economic Development Authority (EDA) for Regional Sports Authority Districts. This appropriation notwithstanding the definition of vertical infrastructure.

DETAIL: Maintains the current level of funding compared to estimated FY 2012. The EDA uses the funding for promotional purposes at the ten sports authorities around the State to market their communities and sporting events and to attract sports teams to the communities. A few examples of events at the various regions are the Iowa Winter Games, the National Collegiate Athletic Association Division II and Division III National Wrestling Championships, and the Central States Hockey League Showcase. The Regional Sports Authority District Program under Iowa Code section 15E.321 authorizes the EDA to certify up to ten districts for the promotion of youth sports, high school athletics, the Special Olympics, or other nonprofessional sporting events. Each district receives an equal share of the appropriation. Funding is awarded to the Convention and Visitors Bureaus for the areas. For FY 2012 the regional sports authorities include Cedar Rapids, Council Bluffs, Des Moines, Dubuque, Fort Dodge, Grinnell, Mason City, Sioux City, Davenport, and Ames. Senate File 2212 (Economic Development Authority Policy Bill) that passed the Senate proposes adding language to Iowa Code section 15E.321 that requires the EDA to certify the districts on a competitive basis, if more than ten applications are received..

4 17 b. For administration and support of the world food prize  
 4 18 including the Borlaug/Ruan scholar program, notwithstanding  
 4 19 section 8.57, subsection 6, paragraph "c":  
 4 20 FY 2012-2013 ..... \$ 100,000

Rebuild Iowa Infrastructure Fund appropriation to the World Food Prize for administration and support for the Borlaug/Ruan Scholar Program. This appropriation notwithstanding the definition of vertical infrastructure.

DETAIL: Maintains the current level of funding compared to estimated FY 2012. The funds are used for administration and support of the World Food Prize and for the Borlaug/Ruan Scholar Program. The World Food Prize has a standing appropriation from the General Fund of \$1,000,000 in accordance with Iowa Code section 15.368, but the funding has been reduced in recent fiscal years. Funding from the General Fund was \$500,000 in FY 2012, \$650,000 in FY 2011, and \$750,000 in FY 2010. A portion of the General Fund appropriation, typically \$40,000 to \$100,000 annually, is used for the Borlaug/Ruan Scholar Program.

4 21 c. For the purchase or lease of a historic firehouse, and  
 4 22 related improvements, for a nonprofit social organization that  
 4 23 promotes the arts to create community engagement in a city with  
 4 24 a population between 200,000 and 205,000 as determined by the  
 4 25 2010 federal decennial census:  
 4 26 FY 2012-2013 ..... \$ 150,000

Rebuild Iowa Infrastructure Fund appropriation to the Des Moines Social Club (DMSC) for purchase or lease and renovation of a historic fire station to provide a permanent location.

DETAIL: This is a new appropriation for FY 2013. The DMSC is in a temporary facility and has launched a capital campaign to locate permanently to the existing firehouse in the City of Des Moines at 900 Mulberry Street. The City is relocating its fire station to new facilities that are under construction. The DMSC is looking to acquire the historic firehouse and use it as its headquarters for future cultural and educational programs and events. The DMSC has a goal of raising \$3,800,000 from corporate gifts, governmental grants, foundation gifts, individual donations, potential historic tax credits, and other funding. Proposed use of the firehouse includes space for hosting events such as conferences and weddings as well as a restaurant, in addition to theatrical, artistic, and educational space.

4 27 d. For roof repairs, restoration of the chapel, and  
 4 28 improvements and interior renovation to develop a collections  
 4 29 room at the museum at Fort Des Moines:  
 4 30 FY 2012-2013 ..... \$ 100,000

Rebuild Iowa Infrastructure Fund appropriation to the Fort Des Moines Museum for repairs and restoration of its historic Chapel and for improvements to develop a Collections Room.

DETAIL: This is a new appropriation for FY 2013. The Fort Des Moines Museum and Education Center preserves and promotes the heritage of Black Officers that served in World War I and the Women's Army Corps that served in World War II through exhibits, educational programming, and public use of the facility. The funds will be used to repair the gutter and roof and restore the masonry of the Chapel and restore the stained glass window in its interior. In addition, funds will be used to develop and prepare interior rooms to be a Collections Room. The Black Officers research project and Women's Army Corps preservation project have received donations that have added to the collections of the museum. The Collections Room will provide proper storage and security for the items.

4 31 10. STATE FAIR AUTHORITY  
 4 32 For renovations and improvements including but not limited  
 4 33 to the cultural center at the state fair:  
 4 34 FY 2012-2013 ..... \$ 250,000  
 4 35 FY 2013-2014 ..... \$ 250,000

Rebuild Iowa Infrastructure Fund appropriations to the State Fair Authority for renovations and improvements to the Cultural Center on the fairgrounds.

DETAIL: Provides new appropriations that total \$500,000 over two fiscal years for the project. The Cultural Center was built in 1949 and needs restoration and additional accessibility. Funds will be used to

make the building ADA compliant with elevators to all exhibits and sleeping areas and accessible restrooms. In addition, funds will be used to replace the roof and upgrade mechanical, electrical, and heating, ventilation, and air conditioning (HVAC) systems. The project will be completed in phases. The first phase will focus on accessibility. The State Fair Authority has received a pledge of \$1,000,000 from a private donation via its Blue Ribbon Foundation.

5 1 11. TREASURER OF STATE  
 5 2 For distribution in accordance with chapter 174 to qualified  
 5 3 fairs which belong to the association of Iowa fairs for county  
 5 4 fair infrastructure improvements:  
 5 5 FY 2012-2013 ..... \$ 1,060,000

Rebuild Iowa Infrastructure Fund appropriation to the Treasurer of State for distribution to county fair societies that belong to the Association of Iowa Fairs.

DETAIL: Maintains the current level of funding compared to estimated FY 2012. Funds are used for vertical infrastructure improvements at the 106 county fairs in the Association. County fairs will receive \$10,000 each.

5 6 Sec. 2. REVERSION. For purposes of section 8.33, unless  
 5 7 specifically provided otherwise, unencumbered or unobligated  
 5 8 moneys made from an appropriation in this division of this Act  
 5 9 shall not revert but shall remain available for expenditure for  
 5 10 the purposes designated until the close of the fiscal year that  
 5 11 ends three years after the end of the fiscal year for which the  
 5 12 appropriation is made. However, if the project or projects for  
 5 13 which such appropriation was made are completed in an earlier  
 5 14 fiscal year, unencumbered or unobligated moneys shall revert at  
 5 15 the close of that same fiscal year.

Requires nonreversion of funds appropriated from the RIIF in Division I for four fiscal years.

DETAIL: Funds appropriated for FY 2013 will remain available for expenditure through the end of FY 2016. Funds appropriated for FY 2014 will remain available through the end of FY 2017.

5 16 DIVISION II  
 5 17 TECHNOLOGY REINVESTMENT FUND  
 5 18 Sec. 3. There is appropriated from the technology  
 5 19 reinvestment fund created in section 8.57C to the following  
 5 20 departments and agencies for the fiscal year beginning July  
 5 21 1, 2012, and ending June 30, 2013, the following amounts, or  
 5 22 so much thereof as is necessary, to be used for the purposes  
 5 23 designated:

Division II provides appropriations from the Technology Reinvestment Fund (TRF).

5 24 1. DEPARTMENT OF CORRECTIONS  
 5 25 For costs associated with the Iowa corrections offender  
 5 26 network data system:  
 5 27 ..... \$ 500,000

Technology Reinvestment Fund appropriation to the DOC for costs associated with the Iowa Corrections Offender Network (ICON).

DETAIL: Maintains the current level of funding compared to estimated FY 2012. The funds are used for implementation and operation of the ICON System. The System is designed to streamline purchasing and

procurement processes, standardize reporting of fixed assets across all institutions, facilitate issuance of smart cards to inmates to make services more efficient and cost effective, streamline collections from inmates for restitution, child support, DOC sanctions, and savings plans, and reduce paper in mailrooms and the DOC office. The ICON System continues to evolve and develop. Critical modules are implemented to benefit the DOC and the criminal justice community generally. For FY 2012, development included a data exchange between the Criminal Justice Information System (CJIS) with the State sex offender registry, a CJIS statewide crime code table to be used by the entire criminal justice community, and CJIS electronic presentence investigations (PSIs).

5 28 2. DEPARTMENT OF EDUCATION  
 5 29 a. For maintenance and lease costs associated with  
 5 30 connections for part III of the Iowa communications network:  
 5 31 ..... \$ 2,727,000

Technology Reinvestment Fund appropriation to the Department of Education to pay the costs of maintenance and leases associated with the build-out of Part III of the ICN.

DETAIL: Maintains the current level of funding compared to estimated FY 2012. The fiber optic cable for Part III sites is leased from the private sector from the vendors that installed the cable. The ICN administers leased digital data circuits to approximately 453 K-12 facilities and districts, libraries, and area education agencies (AEAs). According to the ICN, 92.00% of the total usage of video hours by K-12 facilities, AEAs, and libraries was provided through Part III sites. These leases and maintenance are a continuation of the Part III build-out project authorized in HF 578 in 1995. The funding is used for the leases and maintenance expenses. State funding draws down federal Universal Service Fund monies that pay for the additional cost of leasing the data circuits. Total costs for the leases and maintenance is estimated at \$3,356,808.

5 32 b. For the continued development and implementation of an  
 5 33 educational data warehouse that will be utilized by teachers,  
 5 34 parents, school district administrators, area education agency  
 5 35 staff, department of education staff, and policymakers:  
 6 1 ..... \$ 600,000  
 6 2 The department may use a portion of the moneys appropriated  
 6 3 in this lettered paragraph for an e-transcript data system  
 6 4 capable of tracking students throughout their education via  
 6 5 interconnectivity with multiple schools.

Technology Reinvestment Fund appropriation to the Department of Education for development and implementation of a statewide education data warehouse.

DETAIL: Maintains the current level of funding compared to estimated FY 2012. The funds are used to operate a statewide education data warehouse to meet various needs, including State and federal reporting requirements. The warehouse is intended to be used by teachers, parents, administrators, AEA staff, Department of Education staff, and policymakers. The purpose is to facilitate the flow of student transcript

data between Iowa high schools and postsecondary institutions nationally as well as between postsecondary institutions across the country, and to facilitate flow of student records among Iowa school districts. In addition, the system provides a permanent repository for the records. The operation of the system, including ongoing licensing and fees, costs approximately \$1,000,000 annually. The Department pays for \$400,000 of the costs with federal funding.

Authorizes the Department of Education to use the funds from this appropriation for its e-transcript data system because both e-transcript and the data warehouse are components of a longitudinal data system that provides the ability to track students throughout their education via interconnectivity with multiple schools.

6 6 c. To the public broadcasting division for the purchase of  
6 7 eight high-powered transmitting tubes:  
6 8 ..... \$ 320,000

Technology Reinvestment Fund appropriation to the Iowa Public Television (IPTV) for the purchase of high-powered transmitting tubes.

DETAIL: This is a new appropriation for FY 2013. The high-powered transmitting tubes are Inductive Output Tubes (IOTs). The IPTV advises it has eight IOTs around the State that are the primary transmitters (that communicate to the digital translators) needed for transmission of digital television. The IOTs have a useful life of approximately 40,000 hours. In order to conserve costs of electricity, the IPTV has powered down the tubes when not used. Based on the added stress and the IOTs being in place for three to four years, the IPTV anticipates that IOTs will start failing soon. If an IOT fails, the transmission to that area will go dark. Generally, the cost to replace one IOT is estimated at \$40,000. The IPTV will be able to replace the eight IOTs over the next few years as needed.

6 9 3. DEPARTMENT OF HUMAN RIGHTS  
6 10 For the cost of equipment and computer software for the  
6 11 continued development and implementation of Iowa's criminal  
6 12 justice information system and for salaries and administrative  
6 13 support, notwithstanding section 8.57C, subsection 2:  
6 14 ..... \$ 1,714,307

Technology Reinvestment Fund appropriation to the Department of Human Rights for continued development and implementation of the Criminal Justice Information System (CJIS).

DETAIL: This is an increase of \$25,000 compared to estimated FY 2012. Total funding for the project received between FY 2007 and FY 2009 was \$7,366,384. The CJIS will enable and facilitate the automated exchange of criminal justice information among local, State, and federal criminal justice agencies. This initiative is to develop a seamless, real-time, and electronic information sharing system for members of the criminal justice community in Iowa. Current collaboration with other criminal justice systems includes the County Attorney ProLaw Case Management and Judicial Dialog Case

Management systems, Traffic and Criminal Software (TraCs) system, ICON, Iowa Online Warrants and Articles, Iowa Court Information system, and others. Funds will be used for operations of the system, further development, information technology and network hosting, and software needed for the system. Funding may be used for salaries and administrative support of the system.

6 15 4. IOWA TELECOMMUNICATIONS AND TECHNOLOGY COMMISSION

6 16 For replacement of equipment for the Iowa communications  
6 17 network:

6 18 ..... \$ 2,248,653

6 19 The commission may continue to enter into contracts pursuant  
6 20 to section 8D.13 for the replacement of equipment and for  
6 21 operations and maintenance costs of the network.

6 22 In addition to moneys appropriated in this subsection,  
6 23 the commission may use a financing agreement entered into by  
6 24 the treasurer of state in accordance with section 12.28 for  
6 25 the replacement of equipment for the network. For purposes  
6 26 of this subsection, the treasurer of state is not subject to  
6 27 the maximum principal limitation contained in section 12.28,  
6 28 subsection 6. Repayment of any amounts financed shall be made  
6 29 from receipts associated with fees charged for use of the  
6 30 network.

Technology Reinvestment Fund appropriation to the Iowa Telecommunication and Technology Commission for the replacement of equipment for the ICN.

DETAIL: Maintains the current level of funding compared to estimated FY 2012. The funds will be used to replace aging ICN equipment to ensure connectivity, including replacement of network equipment, routers, switches, and phones. In addition, funds are used for upgrading to Internet Protocol technology and offering a better quality video via an Internet Protocol option to existing educational users. This appropriation is also used as a required match for the State to continue to receive a Universal Service Fund E-rate video discount that is passed on to school districts and libraries.

Permits the Commission to continue to enter into contracts for the replacement of equipment and for operations and maintenance of the ICN. Authorizes the Commission to replace equipment for the backbone of the ICN through financing with the Treasurer of State. Specifies that the Treasurer of State is not subject to the maximum principal limitation of \$1,000,000 in accordance with Iowa Code section 12.28(6) for purposes of these costs. Requires repayment to be made from receipts associated with fees charged to use the ICN.

6 31 5. DEPARTMENT OF MANAGEMENT

6 32 For the continued development and implementation of a  
6 33 searchable database that can be placed on the internet for  
6 34 budget and financial information:

6 35 ..... \$ 45,000

Technology Reinvestment Fund appropriation to the Department of Management (DOM) for an online searchable budget and financial information database.

DETAIL: This is the second year of funding for the database project. During the 2011 Legislative Session, HF 45 (Appropriations Adjustments Act) included a requirement that the DOM develop, and make available to the public, online searchable databases for budget and tax rate information with specified information included. The Internet site with both online tax and budget databases must be completed by January 1, 2013. The DOM must update the databases

as new data and information become available, but at least annually within 60 days following the close of the fiscal year on June 30. The databases will be developed in coordination with the Department of Administrative Services and the Department of Revenue. The DOM received a grant of \$42,381 from the lowAccess Revolving Fund and used a portion of funding from the DOM operating budget, in addition to the FY 2012 TRF appropriation of \$50,000, to begin funding the project. Funding will be used to continue development on the website and databases.

7 1 6. BOARD OF REGENTS

7 2 To Iowa State University of Science and Technology to  
7 3 purchase equipment and for related improvements to modernize  
7 4 the animal care facilities at the Blank Park Zoo as part of  
7 5 a cooperative effort of Blank Park Zoo and the College of  
7 6 Veterinary Medicine, notwithstanding section 8.57C, subsection  
7 7 2:  
7 8 ..... \$ 175,000

Technology Reinvestment Fund appropriation to the Board of Regents for Iowa State University (ISU) College of Veterinary Medicine to modernize the animal care facilities at the Blank Park Zoo in Des Moines.

DETAIL: This is a new appropriation for FY 2013. Funding is for a collaborative effort between the College of Veterinary Medicine and the Blank Park Zoo to allow veterinary medicine students train on exotic animals and wildlife medicine. The College is establishing an exotic animal rotation at the Blank Park Zoo. The College received \$400,000 from the RIIF in FY 2011 to purchase surgical and other equipment to modernize the facilities as part of the collaborative effort. In addition to the TRF funding, the project is receiving \$325,000 over two fiscal years from the RIIF in Division I for a total of \$500,000 over two fiscal years. Funds for FY 2013 and FY 2014 will be used to renovate and equip the current Animal Service Building and Animal Health Clinic at the Zoo for purposes of exotic animal rotation for veterinary students.

7 9 Sec. 4. REVERSION. For purposes of section 8.33, unless  
7 10 specifically provided otherwise, unencumbered or unobligated  
7 11 moneys made from an appropriation in this division of this Act  
7 12 shall not revert but shall remain available for expenditure for  
7 13 the purposes designated until the close of the fiscal year that  
7 14 ends three years after the end of the fiscal year for which the  
7 15 appropriation was made. However, if the project or projects  
7 16 for which such appropriation was made are completed in an  
7 17 earlier fiscal year, unencumbered or unobligated moneys shall  
7 18 revert at the close of that same fiscal year.

Requires nonreversion of funds appropriated from the Technology Reinvestment Fund in Division II for four fiscal years.

DETAIL: Funds will remain available for expenditure through FY 2016.

7 19 DIVISION III  
7 20 PRISON BONDING

Division III makes one appropriation from the FY 2009 Prison Bonding Fund (PBF).

7 21 Sec. 5. There is appropriated from the FY 2009 prison

Prison Bonding Fund appropriation to the DOC for repair of the Newton

7 22 bonding fund created pursuant to section 12.79 to the  
 7 23 department of corrections for the fiscal year beginning July  
 7 24 1, 2012, and ending June 30, 2013, the following amount, or  
 7 25 so much thereof as is necessary, to be used for the purpose  
 7 26 designated:  
 7 27 To the department of corrections for repairs and renovation  
 7 28 of the hot water loop system at the Newton correctional  
 7 29 facility:  
 7 30 ..... \$ 167,000

hot water loop system.

DETAIL: This is a new appropriation for FY 2013. The hot water loop system was installed in the mid-1990s and has had significant repairs completed to date. The system has ongoing issues. One continued problem is with the thrust blocks that encase the loop at every bend in the pipe. The thrust blocks are sinking in soil that has resulted in pipe breakage and periodic system failure. The other remaining problem is from valves that are not sealed completely. The FY 2013 funding is in addition to an FY 2014 appropriation of \$258,000 from the RIIF in Division I, for a total of \$425,000 over the two fiscal years.

7 31 Sec. 6. REVERSION. For purposes of section 8.33, unless  
 7 32 specifically provided otherwise, unencumbered or unobligated  
 7 33 moneys made from an appropriation in this division of this Act  
 7 34 shall not revert but shall remain available for expenditure for  
 7 35 the purposes designated until the close of the fiscal year that  
 8 1 ends three years after the end of the fiscal year for which the  
 8 2 appropriation was made. However, if the project or projects  
 8 3 for which such appropriation was made are completed in an  
 8 4 earlier fiscal year, unencumbered or unobligated moneys shall  
 8 5 revert at the close of that same fiscal year.

Requires nonreversion of funds appropriated from the PBF in Division III for four fiscal years.

DETAIL: Funds will remain available for expenditure through FY 2016.

8 6 DIVISION IV  
 8 7 ECONOMIC DEVELOPMENT AUTHORITY — CONTINGENT APPROPRIATION  
 8 8 Sec. 7. ECONOMIC DEVELOPMENT AUTHORITY — APPROPRIATION.  
 8 9 1. For the fiscal year beginning July 1, 2013, and ending  
 8 10 June 30, 2014, there is appropriated from the rebuild Iowa  
 8 11 infrastructure fund to the economic development authority  
 8 12 \$2,000,000 for the Des Moines area regional transit authority  
 8 13 (DART) to develop a bus rapid transit service including  
 8 14 the acquisition of specialty hybrid buses, construction of  
 8 15 electronic infrastructure, construction of bus stations, and  
 8 16 related improvements to develop a rapid transit service,  
 8 17 notwithstanding section 8.57, subsection 6, paragraph "c".  
 8 18 2. This appropriation is contingent upon the authority's  
 8 19 receipt of local funds and the receipt of a federal grant, by  
 8 20 December 31, 2013, in an amount sufficient to complete the  
 8 21 project. The authority shall notify the legislative services  
 8 22 agency and the department of management if such funds are  
 8 23 received no later than January 15, 2014.

Division IV provides a contingent appropriation from the RIIF for FY 2014 for the Des Moines Area Regional Transit Authority (DART) to develop a bus rapid-transit service. Funds are contingent on the DART receiving local funds and the receipt of a federal grant by December 31, 2013.

DETAIL: If appropriated, this would be a new appropriation for FY 2014. Funds would be used for the acquisition of hybrid buses, construction of electronic infrastructure, construction of bus stations, and related improvements along the Ingersoll and University Avenues corridor to create a new route as part of the DART Forward 2035 Services Plan. Bus rapid-transit provides a faster service than ordinary bus service and uses enhanced running ways, provides more predictable scheduling, and is customized to the specified corridor.

The DART is applying for a "Very Small Starts" grant from the Capital Investment Grants Program of the Federal Transit Administration. The DART must receive the grant by December 31, 2013, to be eligible for the RIIF funding. The DART must notify the DOM and Legislative Services Agency about the status of the federal grant by January 15, 2014. If the grant is received and the contingency is lifted, the DART will have use of the appropriation beginning in the latter half of FY

2014.

8 24 Sec. 8. REVERSION. For purposes of section 8.33, unless  
 8 25 specifically provided otherwise, unencumbered or unobligated  
 8 26 moneys made from an appropriation in this division of this Act  
 8 27 shall not revert but shall remain available for expenditure for  
 8 28 the purposes designated until the close of the fiscal year that  
 8 29 ends three years after the end of the fiscal year for which the  
 8 30 appropriation is made. However, if the project or projects for  
 8 31 which such appropriation was made are completed in an earlier  
 8 32 fiscal year, unencumbered or unobligated moneys shall revert at  
 8 33 the close of that same fiscal year.

Requires nonreversion of funds appropriated in Division IV for four fiscal years.

DETAIL: If the contingent appropriation does take effect for FY 2014, funds will remain available for expenditure until FY 2017.

8 34 DIVISION V  
 8 35 DEPARTMENT OF TRANSPORTATION — RADIOS  
 9 1 Sec. 9. DEPARTMENT OF TRANSPORTATION — RADIOS. All  
 9 2 land mobile radio communications equipment purchased by the  
 9 3 department of transportation shall be compliant with the  
 9 4 federal communication commission's narrowbanding mandate and  
 9 5 shall provide the maximum amount of statewide coverage and  
 9 6 interoperability, throughout all phases of migration, to the  
 9 7 department of public safety's future statewide digital radio  
 9 8 network utilizing P-25 standards.

Division V requires all mobile radio communications equipment purchased by the Department of Transportation (DOT) to be compliant with the federal narrowbanding mandate and provide maximum statewide coverage and interoperability, using P-25 standards, for the future statewide radio network. The Division is effective on enactment and retroactive to July 1, 2011.

DETAIL: The DOT has been upgrading radio communications over several years. Funding has not been provided specifically in appropriation language, but has been completed via the Department's Material and Equipment Revolving Fund established in Iowa Code section 307.47. The DOT has purchased 659 radios since February 2010 and all of them are narrowbanded and use P25 standards.

9 9 Sec. 10. EFFECTIVE UPON ENACTMENT. This division of this  
 9 10 Act, being deemed of immediate importance, takes effect upon  
 9 11 enactment.  
 9 12 Sec. 11. RETROACTIVE APPLICABILITY. This division of this  
 9 13 Act applies retroactively to July 1, 2011.

Division V is effective on enactment and retroactive to July 1, 2011.

9 14 DIVISION VI  
 9 15 CHANGES TO PRIOR APPROPRIATIONS

Division VI makes changes to appropriations previously enacted in session law.

9 16 Sec. 12. 2011 Iowa Acts, chapter 128, section 19, subsection  
 9 17 2, is amended to read as follows:  
 9 18 2. a. The mobile radios purchased by the department of  
 9 19 natural resources pursuant to subsection 1 shall be compatible  
 9 20 with a statewide public safety radio network; if created in

Requires the Department of Natural Resources (DNR) to purchase radios that are compliant with the federal narrowbanding mandate and provide maximum statewide coverage and interoperability using P25 standards.

9 21 ~~legislation enacted by the 2011 regular session of the General~~  
 9 22 ~~Assembly, which may include provisions in 2011 Iowa Acts,~~  
 9 23 ~~Senate File 541, if enacted 2011 Iowa Acts, ch.133, section 3,~~  
 9 24 ~~subsection 8, paragraph a.~~ The department shall purchase the  
 9 25 mobile radios after conducting a competitive bidding process.  
 9 26 b. As a condition of this appropriation, all land mobile  
 9 27 radio communications equipment purchased by the department  
 9 28 of natural resources shall be compliant with the federal  
 9 29 communication commission's narrowbanding mandate and  
 9 30 shall provide the maximum amount of statewide coverage and  
 9 31 interoperability, throughout all phases of migration, to the  
 9 32 department of public safety's future statewide digital radio  
 9 33 network utilizing P-25 standards.

DETAIL: Senate File 509 (FY 2012 Agriculture and Natural Resources Act) authorized the DNR to use unappropriated funds in the Fish and Game Protection Fund in FY 2012 to purchase radios to meet the narrowband mandate. The DNR is in the process of purchasing 100 mobile and 100 handheld radios that are narrowbanded and use P25 standards.

9 34 Sec. 13. 2011 Iowa Acts, chapter 133, section 1, subsection  
 9 35 3, paragraph b, is amended to read as follows:

Adjusts multiyear RIIF appropriations for Mitchellville prison construction by decreasing the FY 2013 appropriation by \$2,200,000 and increasing the FY 2014 appropriation by the same amount.

10 1 b. For the construction project and one-time furniture,  
 10 2 fixture, and equipment costs at the Iowa correctional facility  
 10 3 for women at Mitchellville:  
 10 4 FY 2011-2012 ..... \$ 3,061,556  
 10 5 FY 2012-2013 ..... \$ 5,391,062  
 10 6 ..... 3,191,062  
 10 7 FY 2013-2014 ..... \$ 26,769,040  
 10 8 ..... 28,969,040

DETAIL: The multiyear appropriations provide a total of \$35,521,658 over three fiscal years for construction and one-time costs. The total amount appropriated for construction and one-time costs for completion over the life of the Mitchellville project is \$107,631,610. The planned construction will provide an expanded facility that will have 888 beds. This facility will provide a net gain of approximately 337 beds. Substantial construction is expected to be completed by spring 2013 and the facility should be open by or before January 2014. Also, makes a technical correction to the language of the appropriation for consistency with related Mitchellville appropriations in the 2011 Acts.

10 9 Sec. 14. 2011 Iowa Acts, chapter 133, section 1, subsection  
 10 10 10, paragraphs c through f, are amended to read as follows:

Authorizes the Board of Regents to use funds from the FY 2012 and FY 2013 appropriations for fire safety and ADA compliance as deductible on property insurance, as match for Federal Emergency Management Agency (FEMA) funding, and to provide for clean up and repairs from storm damage for the School for the Deaf and Iowa Braille and Sight Saving School.

10 11 c. For projects for immediate fire safety needs and for  
 10 12 compliance with the federal Americans with Disabilities Act, at  
 10 13 the regents institutions:  
 10 14 FY 2011-2012 ..... \$ 2,000,000  
 10 15 FY 2012-2013 ..... \$ 2,000,000  
 10 16 Of the amounts appropriated in this lettered paragraph,  
 10 17 up to \$2,000,000 may be used to fund deductibles on property  
 10 18 insurance and to provide the necessary match for funds which  
 10 19 may be available from the federal emergency management agency  
 10 20 for the cleanup, repair, and restoration of facilities at  
 10 21 the state school for the deaf and the Iowa braille and sight  
 10 22 saving school due to storm damage in the calendar year 2011,  
 10 23 notwithstanding section 8.57, subsection 6, paragraph "c".

DETAIL: The Board of Regents may use up to \$2,000,000 from the combined \$4,000,000 that was appropriated for two fiscal years for fire safety and ADA compliance. The School for the Deaf sustained damage from a severe hailstorm and thunderstorm in August 2011. Several buildings were damaged, especially the Lied Multipurpose Complex. The School is working with ISU facilities personnel and the insurance company to assess damage. The repairs include a new roof, repairs to the gymnasium floor, tree and limb removal campus-wide,

repairs to glass breakage, and other related repairs. The storms affecting the School for the Deaf did not qualify for federal assistance.

The Iowa Braille and Sight Saving School campus in Vinton received damage from a severe storm with high winds that struck the area in July 2011. The most significant damage was to the Old Main and Cottage buildings and grounds. Other buildings sustained damages to roofs, windows, door, and siding. Numerous trees and debris were scattered around the campus. The Old Main building lost its roof and roof structure and sustained damage to interior walls and mechanical and electrical systems as well. The Cottage building sustained interior water damage due to a puncture to the roof that caused a water line to break. Total damages are assessed at approximately \$6,650,000 including buildings and grounds. Insurance coverage is estimated at \$4,750,000. There is a \$1,000,000 deductible on the insurance. The storm did qualify for FEMA assistance based on a Presidential Declaration of Assistance. The FEMA reimbursements may allow up to 75.00% of eligible costs not covered by insurance. Restoration efforts, especially for the Old Main building, will continue into summer 2013.

10 24	d. For construction, renovation, and related improvements	
10 25	for phase II of the agricultural and biosystems engineering	
10 26	complex, including classrooms, laboratories, and offices at	
10 27	Iowa state university of science and technology:	
10 28	FY 2011-2012 .....	\$ 1,000,000
10 29	FY 2012-2013 .....	<del>\$ 20,800,000</del>
10 30		<u>19,050,000</u>
10 31	FY 2013-2014 .....	<del>\$ 20,000,000</del>
10 32		<u>21,750,000</u>
10 33	FY 2014-2015 .....	\$ 18,600,000

Adjusts multiyear appropriations to the Board of Regents for the Agricultural and Biosystems Engineering Complex at ISU. Decreases the FY 2013 appropriation by \$1,750,000 and increases the FY 2014 appropriation by the same amount.

DETAIL: The multiyear appropriations total \$60,400,000 over four fiscal years. The funds are being used for Phase II of the Ag/Biosystems Engineering Complex. Phase I was the Biorenewables Research Laboratory (BRL). The General Assembly appropriated a total of \$32,000,000 over several fiscal years for the building. The BRL was dedicated and opened in fall 2010 and is used to develop new technologies to produce biorenewable chemicals and fuels. ConocoPhillips and the National Science Foundation have provided grants for research the BRL is undertaking. Funds will provide for the construction and renovation of two wings that will house modern classrooms and laboratories, and faculty and staff offices. The building will be the new home of the Department of Agricultural and Biosystems Engineering. The current location for the Department is 80 years old.

10 34	e. For the renovation and related improvements to the dental
10 35	science building at the state university of Iowa including but

Adjusts multiyear appropriations to the Board of Regents for the Dental Science Building at the University of Iowa. Decreases the FY 2013

11	1	not limited to renovation of clinical spaces and development of		
11	2	a multidisciplinary clinical area:		
11	3	FY 2011-2012 .....	\$	1,000,000
11	4	FY 2012-2013 .....	\$	<del>42,000,000</del>
11	5			<u>10,250,000</u>
11	6	FY 2013-2014 .....	\$	<del>8,000,000</del>
11	7			<u>9,750,000</u>
11	8	FY 2014-2015 .....	\$	8,000,000

appropriation by \$1,750,000 and increases the FY 2014 appropriation by the same amount.

DETAIL: The multiyear appropriations total \$29,000,000 over four fiscal years. Funds are being used for renovation and improvements to the Dental Science Building at the University of Iowa. The existing building was dedicated in 1973. The project will include renovation and modernization of clinical spaces, research areas, and development of a multidisciplinary clinical area, including construction of a new 33,000-square-foot clinic addition to the South Wing. The new addition is scheduled for occupancy in October 2011. In the process of renovating, the clinics will be made ADA compliant.

11	9	f. For renovation and related improvements for Bartlett		
11	10	hall at the university of northern Iowa including providing		
11	11	faculty offices, seminar rooms, and laboratories in the		
11	12	building and the associated demolition of Baker hall:		
11	13	FY 2011-2012 .....	\$	1,000,000
11	14	FY 2012-2013 .....	\$	<del>8,286,000</del>
11	15			<u>7,786,000</u>
11	16	FY 2013-2014 .....	\$	<del>9,767,000</del>
11	17			<u>10,267,000</u>
11	18	FY 2014-2015 .....	\$	1,947,000

Adjusts multiyear appropriations to the Board of Regents for the renovation of Bartlett Hall at the University of Northern Iowa. Decreases the FY 2013 appropriation by \$500,000 and increases the FY 2014 appropriation by the same amount

DETAIL: The multiyear appropriations total \$21,000,000 over three fiscal years. Funds are being used to renovate Bartlett Hall that was built in 1917 and has been used as a residence facility. The renovation project will convert Bartlett Hall to faculty offices, seminar rooms, and laboratories. In addition, the funds will be used to demolish Baker Hall. Baker Hall was first built in 1936 and is used for office and instruction space. Baker Hall has several deficiencies that will require deferred maintenance funding, including accessibility issues, health and environment issues relating to working conditions, and energy-related issues with an old inefficient energy system.

11	19	Sec. 15. 2011 Iowa Acts, chapter 133, section 1, subsection		
11	20	13, paragraph b, is amended to read as follows:		
11	21	b. For the Iowa veterans home to upgrade generator emissions		
11	22	controls to meet required stack emissions for four generators		
11	23	and <del>related improvements for the construction of a building</del>		
11	24	<u>that secures vehicles during nonuse and inclement weather:</u>		
11	25	FY 2011-2012 .....	\$	250,000

Expands the FY 2012 RIIF appropriation for the Iowa Veterans Home (IVH) to include the construction of a transportation building.

DETAIL: The IVH is adding two new generators with this funding and was able to draw down a federal grant of \$481,441 to add a transportation building to help keep vehicles secure during nonuse and inclement weather.

11	26	Sec. 16. 2011 Iowa Acts, chapter 133, section 3, subsection		
11	27	4, is amended to read as follows:		
11	28	4. DEPARTMENT OF HUMAN RIGHTS		
11	29	For the cost of equipment and computer software for the		
11	30	implementation of Iowa's criminal justice information system		

Authorizes the Department of Human Rights to use funds from the FY 2012 TRF appropriation for the Criminal Justice Information System (CJIS) on salaries and administrative support for CJIS.

DETAIL: The Department had been using a consultant to develop the

11 31 and for salaries and administrative support, notwithstanding  
 11 32 section 8.57C, subsection 2:  
 11 33 FY 2011-2012 ..... \$ 1,689,307

CJIS project, but advised that internal staffing costs for programming would be lower than using a consultant. In FY 2013, estimated savings from using internal staff is approximately \$357,000. Any savings will be applied to additional costs of hardware, software licenses, equipment, and maintenance for CJIS.

11 34 Sec. 17. 2011 Iowa Acts, chapter 133, section 3, subsection  
 11 35 5, paragraph a, is amended to read as follows:  
 12 1 a. To be used for medical contracts under the medical  
 12 2 assistance program for technology upgrades necessary to support  
 12 3 Medicaid claims and other health operations, worldwide HIPAA  
 12 4 claims transactions and coding requirements, and the Iowa  
 12 5 automated benefits calculation system:  
 12 6 FY 2011-2012 ..... \$ 3,494,176  
 12 7 FY 2012-2013 ..... ~~4,667,600~~  
 12 8 4,167,600  
 12 9 FY 2013-2014 ..... ~~4,267,600~~  
 12 10 4,767,600  
 12 11 FY 2014-2015 ..... \$ 1,945,684

Adjusts the multiyear TRF appropriations to the Department of Human Services (DHS) for Medicaid Technology by shifting \$500,000 from the FY 2013 appropriation to the FY 2014 appropriation.

DETAIL: The DHS received a total of \$14,375,060 over four fiscal years for Medicaid technology upgrades. Funds will be used to upgrade the information technology (IT) system that supports Medicaid claims processing and other health plan operations through the Medicaid Management Information System (MMIS). The mainframe system for MMIS is more than 35 years old and supports over 23,000,000 claims per year, 450,000 members, and over 38,000 providers. In addition the funds will be used for IT upgrades for the HIPAA 5010/ICD-10 claims transaction and coding requirements. The ICD-10 is the International Classification of Diseases and has a new coding scheme for diagnosis. All payors and providers must implement the new coding by October 1, 2013. Lastly, the funds will be used for the comprehensive eligibility system, known as the Iowa Automated Benefits Calculation System (IABC). The mainframe for the IABC is also 35 years old. There is a federal match of 90.00% for these new system implementation costs. The total from the four fiscal year appropriations provides the State match.

12 12 Sec. 18. 2011 Iowa Acts, chapter 133, section 3, subsection  
 12 13 8, is amended to read as follows:  
 12 14 8. DEPARTMENT OF PUBLIC SAFETY  
 12 15 a. For the provision of a statewide public safety radio  
 12 16 network and the purchase of compatible radio communications  
 12 17 equipment with the goal of achieving compliance with the  
 12 18 federal communications commission's narrowbanding mandate  
 12 19 deadline, and for achieving "interoperability", as defined in  
 12 20 section 80.28:  
 12 21 FY 2011-2012 ..... \$ 2,500,000  
 12 22 FY 2012-2013 ..... \$ 2,500,000  
 12 23 FY 2013-2014 ..... \$ 2,500,000  
 12 24 Of the amounts appropriated in this lettered paragraph, the  
 12 25 department of public safety may enter into a public-private  
 12 26 partnership, through a competitive bidding process, for  
 12 27 the provision of the statewide network and the purchase of

Adjusts the TRF appropriations to the Department of Public Safety (DPS) for radio communications to include conditional language requiring any radios purchased to meet the narrowbanding mandate and use P25 standards.

DETAIL: The DPS will receive a total of \$7,500,000 over three fiscal years. The funds are for the provision of a statewide public safety radio network and purchase of radio equipment for the goals of meeting compliance with the federal narrowbanding mandate and achieving interoperability as defined in Iowa Code section 80.28. The DPS is authorized to enter into a public-private partnership for the provision of the statewide network and purchase of compatible equipment through a competitive bidding process.

As of January 2012, the DPS purchased 100 mobile radios and repeaters for DPS towers for the Iowa State Patrol. The radios are

12 28 compatible equipment.  
 12 29 As a condition of this appropriation, all land mobile radio  
 12 30 communications equipment purchased by the department of public  
 12 31 safety shall be compliant with the federal communication  
 12 32 commission's narrowbanding mandate and shall provide the  
 12 33 maximum amount of statewide coverage and interoperability,  
 12 34 throughout all phases of migration, to the department of public  
 12 35 safety's future statewide digital radio network utilizing P-25  
 13 1 standards.

13 2 On or before January 13, 2012, the department of public  
 13 3 safety shall provide a report to the legislative services  
 13 4 agency and the department of management. The report shall  
 13 5 detail the status of the funds appropriated in this subsection  
 13 6 and shall include the estimated needs of the departments of  
 13 7 public safety, corrections, and natural resources to achieve  
 13 8 interoperability and to meet the federal narrowbanding mandate,  
 13 9 any changes in estimated costs to meet those needs, and the  
 13 10 status of requests for proposals to develop a public-private  
 13 11 partnership.

13 12 b. For transfer to a firefighter association in a county  
 13 13 with a population between ninety thousand and ninety-five  
 13 14 thousand as determined by the 2010 federal decennial census  
 13 15 for a ~~driving simulator to enhance the association's emergency~~  
 13 16 ~~vehicle operations course firearms training simulator:~~  
 13 17 FY 2011-2012 ..... \$ 80,000

narrowbanded and use P25 standards. The DPS advises that an additional 275 radios for the Iowa State Patrol will be needed. Also, 202 radios for other DPS enforcement divisions currently are narrowbanded, but will need to be upgraded as they get to the end of their useful life.

Changes the purpose of the FY 2012 TRF appropriation to the Dubuque County Firefighters Association.

DETAIL: Authorizes the funds to be used for a Firearms Training Simulator instead of a driving simulator. The Firefighters Association oversees the Dubuque County Emergency Responder Training Facility and will provide the funds to the Training Facility to purchase the VirTra 300 LE Firearms Training Simulator. The firearms training simulator will be used by all law enforcement agencies within Dubuque County. The Training Facility will allow any law enforcement agency to train on the simulator when local officers are not using it, so State officers, such as Iowa State Patrol, Department of Criminal Investigations, and Department of Narcotics Enforcement, will be able to use the simulator to train.

13 18 Sec. 19. 2011 Iowa Acts, chapter 133, section 5, subsection  
 13 19 1, is amended to read as follows:  
 13 20 1. DEPARTMENT OF CORRECTIONS  
 13 21 For the construction project and one-time furniture,  
 13 22 fixture, and equipment costs at the Iowa correctional facility  
 13 23 for women at Mitchellville:  
 13 24 ..... \$ 4,430,952

Technical correction to the FY 2012 Revenue Bonds Capitals Fund appropriation to the DOC for construction of the Mitchellville prison to make the language consistent with the related appropriations for Mitchellville prison in the same chapter of the 2011 Acts.

13 25 Sec. 20. EFFECTIVE UPON ENACTMENT. This division of this  
 13 26 Act, being deemed of immediate importance, takes effect upon

Division VI is effective on enactment.

13 27 enactment.

13 28 DIVISION VII  
13 29 MISCELLANEOUS CODE CHANGES

Division VII makes miscellaneous changes to the Iowa Code.

13 30 Sec. 21. Section 8.57A, subsection 4, paragraph c, Code  
13 31 Supplement 2011, is amended to read as follows:  
13 32 c. There is appropriated from the rebuild Iowa  
13 33 infrastructure fund for the fiscal year beginning July 1, 2012,  
13 34 and ending June 30, 2013, the sum of ~~thirty-five~~ thirty-three  
13 35 million dollars to the environment first fund, notwithstanding  
14 1 section 8.57, subsection 6, paragraph "c".

CODE: Reduces the Environment First Fund (EFF) by an additional \$2,000,000 for FY 2013.

DETAIL: House File 648 (FY 2012 Infrastructure Appropriations Act) reduced the EFF from the statutory amount of \$42,000,000 to \$35,000,000 for FY 2013. Funding is further reduced by \$2,000,000 to a funding level of \$33,000,000. Funding resumes at the statutory amount of \$42,000,000 in FY 2014. Funding levels have been at \$33,000,000 for FY 2011 and FY 2012. Appropriations from the EFF are made through the Agriculture and Natural Resources Appropriations Subcommittee.

14 2 Sec. 22. Section 8.57C, subsection 3, paragraph a, Code  
14 3 Supplement 2011, is amended to read as follows:  
14 4 a. There is appropriated from the general fund of the state  
14 5 for the fiscal year beginning July 1, ~~2012~~ 2013, and for each  
14 6 subsequent fiscal year thereafter, the sum of seventeen million  
14 7 five hundred thousand dollars to the technology reinvestment  
14 8 fund.

CODE: Appropriates the FY 2013 Technology Reinvestment Fund (TRF) appropriation from the RIIF rather than the standing appropriation from the General Fund.

DETAIL: The standing appropriation from the General Fund is \$17,500,000. The amount is reduced to \$15,000,000 for FY 2013 and funded from the RIIF. The TRF funding is expected to resume from the General Fund in FY 2014. The TRF receives a standing appropriation from the General Fund per Iowa Code section 8.57C, but for FY 2009 through FY 2012, the funding has been shifted to the RIIF at reduced amounts.

14 9 Sec. 23. Section 8.57C, subsection 3, Code Supplement 2011,  
14 10 is amended by adding the following new paragraph:  
14 11 NEW PARAGRAPH e. There is appropriated from the rebuild  
14 12 Iowa infrastructure fund for the fiscal year beginning July  
14 13 1, 2012, and ending June 30, 2013, the sum of fifteen million  
14 14 dollars to the technology reinvestment fund, notwithstanding  
14 15 section 8.57, subsection 6, paragraph "c".

Division VIII requires the Iowa Communications Network (ICN) to conduct a comprehensive audit, including inventory, before any sale or lease of the ICN.

DETAIL: The comprehensive asset audit must be on a complete inventory to estimate the value of all assets of the ICN. The audit must be conducted by an independent auditing firm, not associated with the proposed sale or lease of the network. A comprehensive audit will include all telecommunications and network equipment as well as ports, HVAC, power, and other equipment. In addition, all supporting

14 16 DIVISION VIII  
14 17 IOWA COMMUNICATIONS NETWORK — AUDIT  
14 18 Sec. 24. IOWA COMMUNICATIONS NETWORK — AUDIT. Prior to  
14 19 the sale or lease of the Iowa communications network, the Iowa  
14 20 communications network shall conduct a comprehensive audit  
14 21 to include a complete inventory and estimate of the value  
14 22 of all the components included in the network including all  
14 23 fiber, switching stations, end user equipment, and individual  
14 24 components the state has purchased since the creation of the  
14 25 network. The audit should be conducted by an independent

14 26 auditing firm not associated with the vendor selected through a  
14 27 competitive bidding process. The auditing firm selected shall  
14 28 be technology-based, have extensive industry experience in  
14 29 telecommunications, and be associated with a certified public  
14 30 accountant.

structures such as racks and shelves would be included. According to the ICN, this type of comprehensive audit could cost between \$400,000 to \$900,000.

During the 2011 Legislative Session, the General Assembly enacted legislation, HF 45 (Appropriations Adjustments Act) requiring the Iowa Telecommunication and Technology Commission (ITTC) to issue a Request for Proposal (RFP) to sell or lease the ICN. The ITTC and ICN staff have been working toward this goal, issued an RFP, and hired Fiberutilities Group to coordinate the effort for issuing the RFP to sell or lease the network. During the 2011 legislative interim, several stakeholders were invited to be part of an RFP Implementation Team (RIT) to provide input and help focus the assumptions that will be incorporated into the RFP. The groups represented were: ITTC, Governor's Office/Department of Management, Auditor's Office, Attorney General's Office, Department of Public Safety, Department of Education, Iowa Hospital Association, community colleges, and legislative members from both chambers. The RIT completed its work and anticipated foundational assumptions will be finalized soon, after review by the ITTC. The ICN staff and Fiberutilities Group have been working on property, contract, and asset identification and documentation during the first quarter of 2012. The RFP projected plan and outline will be created by March 2012. The legislation required the RFP to provide for the sale to be concluded or the lease to commence during FY 2013.

## INFRASTRUCTURE APPROPRIATIONS BY FUND

Appropriations that have been previously enacted in prior Legislative Sessions or are standing appropriations are NOT reflected in this spreadsheet. The spreadsheet only shows new appropriations that are made in the first three divisions of the Bill.

*Appropriations are shown as they are ordered in the Bill.*

		SSB 3181	
		FY 2013	FY 2014
<b>Division I - Rebuild Iowa Infrastructure Fund (RIIF)*</b>			
Agriculture and Land Stewardship	Agricultural Drainage Wells Closure	\$ 500,000	\$ 0
Corrections	Radio Communication Upgrades	3,500,000	0
	Newton Hot Water Loop Repair	0	258,000

### Notes:

\*Senate Study Bill 3181 adjusts a total of \$8.2 million from the \$124.5 million current law appropriations in FY 2013 RIIF either by reducing them or moving a portion of the funding to other fiscal years. These changes to the RIIF are not reflected on this spreadsheet, but are reflected on the RIIF Balance Sheet.

\*Senate Study Bill 3181 shifts the standing appropriation for the TRF from the General Fund to the RIIF for FY 2013 and reduces it from \$17.5 million to \$15.0 million. This appropriation from the RIIF to the TRF is not reflected here to avoid double counting the technology appropriations.

\*\*Senate Study Bill 3181 adjusts a total of \$500,000 from one appropriation of the \$7.2 million in current law appropriations from the TRF by moving funding to FY 2014. This change to the TRF is not reflected on this spreadsheet, but is reflected on the Technology Reinvestment Fund Balance Sheet.

**Notes:**

1) Wagering tax estimates account for all allocations in Iowa Code section 8.57 that occur before the remainder deposits in the RIIF as well as tax credits for land-based and riverboat casinos that began in FY 2009 and FY 2011, respectively. In addition, license fees paid for the new Lyon County casino are included.

2) Senate Study Bill 3181 alters previously enacted appropriations, by reducing or moving them to different fiscal years. The changes are reflected above and include the following: reducing the Environment First Fund by \$2.0 million from the previously enacted amount and adjusting \$6.2 million for several multiyear appropriations. The multiyear appropriations are Mitchellville prison, ISU Ag/Biosystems Complex, UNI Bartlett Hall, and UI Dental Science Building. The appropriations that are being reduced in FY 2013 are increased by the same amount for FY 2014.

**Notes:**

\*During the 2008 Legislative Session, the General Assembly provided authorization to issue prison bonds. An anticipation note was issued in April 2009 with the larger bond issuance occurring in June 2010. The appropriation for the Iowa State Penitentiary was made in the 2008 Legislative Session for FY 2009, for the multiyear construction project.

\*\*Negative interest in FY 2009 and FY 2010 is reflected due to accounting procedures on the State's pooled investments.
